PREMIUM HIGH SPEED FLOOR PADS

1

GORILLA®

The Original Blended Natural Fiber Pad that gives a “wet-look” shine. Gorilla® is made with a blend of natural fiber and polyester. This blend uses properties of both fibers to create the most unique and respected floor pad in the world. To clean it, just brush away dried wax with its die cut center. It will not glaze over.

JAGUAR

A lighter blend of natural with synthetic fiber than Gorilla®. Designed for more frequent use than Gorilla®, with highly responsive finishes.

AQUAPlus

This pad is designed for a burnishing schedule that calls for use 3-4 nights per week. It produces a very bright “wet-look” shine with soft to medium finishes. Use Aqua Plus under Electric, Battery or Propane machines with ultra high speeds of 1500 to 3000rpm. Aqua Plus is made from durable high-tech resins & fibers, plus a light sprinkle of natural fiber.

Blue Jay®

A special blend of synthetic and natural fibers in a pad designed for nightly burnishing. This pad will give you an exceptional gloss.

BlueACE

A synthetic fibers pad designed for burnishing newly developed finishes. This pad will give you a very high gloss.

GORILLA Lite

The lightest blend of natural fibers in a synthetic fiber pad for those who use a soft finish that requires nightly burnishing. This pad is designed to give you the same high gloss “wet-look” shine that big brother Gorilla® is known for.

Superspeed Rubberized

A totally synthetic, non-aggressive pad designed for burnishing and polishing with a high speed or ultra high speed floor machine. The rubberized coating creates friction needed to repair softer finishes while removing black marks. The Superspeed Rubberized floor pad will create a high gloss shine.

The Cure

SuperSoft Floor Machine Pad by ETC

THE CURE SOLVES PROBLEMS.

Use to help cure freshly laid finish as soon as it dries. Perfect for overnight recoats before holiday traffic.

- It's Super-Soft to keep from pulling the finish up.
- It's Flexible to keep from burning uneven floors.
- It's Strong to stand up under Propane, Cord Electric or Battery floor machines.

All ETC floor pads are available in square, rectangle, X, vortex, octagon and other unusual shapes on a special order basis.

PREMIUM LOW SPEED FLOOR PADS

POLISH/SPRAY BUFF

GORILLA®-POLISH/SPRAY BUFF

The Original Blended Natural Fiber Pad that gives a “wet-look” shine. Gorilla® is made with a blend of natural fiber and polyester.

TAN-BUFF

A mildly abrasive dry buffing pad for slow speed floor machines. The Tan-Buff pad will buff away light soil and level scratches for a soft luster.

WHITE-POLISH

A non-abrasive dry polishing pad for slow speed floor machines. The White-Polish pad will level scratches for a high luster.

SCRUB/CLEAN

RED-AUTO SCRUB/LIGHT CLEAN/SPRAY BUFF

A light abrasive pad for spray buffing to a satin gloss. It can be used under automatic scrubbers for nightly cleaning schedules. The fibers are more open to help keep the pad from glazing over.

GREEN-SCRUB

A medium abrasive pad for wet scrubbing. This pad will remove embedded soil and black marks found in heavy traffic areas without stripping your finish to the tile.

BLUE-CLEANER

A medium abrasive pad for spray cleaning. To clean a lightly soiled floor, use this pad with a spray solution. This process will remove a small amount of finish. Can be used to wet scrub.

RECTANGULAR FLOOR PADS

All ETC floor pads are available in square, rectangle, X, vortex, octagon and other unusual shapes on a special order basis.

MELAMINE PADS

MELA-KLEEN Floor Pads

A new, revolutionary deep cleaning system uniquely formulated from melamine foam, for strength and durability.

These “waffle-faced” pads produce clean, residue-free and shining floors with only water or neutral cleaner.

- “Waffle-faced” surface construction allows solutions to remain under the pad better than the smooth surface design.
- Ideal for cleaning large areas and they are long lasting
- Effectively remove stubborn black marks
- Cleans with water only or a neutral cleaner
- Can be used with single-disc machines and auto-scrubbers
- Environmentally friendly (GREEN)—no chemicals needed.
- Specially designed for use on various micro-porous floors including concrete, terrazzo, marble, ceramic tiles, terracotta, VCT and other smooth stone surfaces.

PREMIUM STRIPPING FLOOR PADS

DIAMONDBACK

EXTREME STRIPPING PAD

The Diamondback pad is our "Extreme Stripping pad". It works extremely well on problem floors that require a pad with a lot of abrasive to do the stripping. The Diamondback is designed with an open weave construction that enables it to hold more load without clogging in heavy build up situations. More abrasive grit with a larger grit size make this pad "the Extreme Stripper".

RAZORBACK®

HIGH PERFORMANCE STRIPPING PAD

The Razorback® pad is a very aggressive High Performance stripping pad. It works extremely well in problem areas that need to be stripped of floor finish. The Razorback® is designed with an open weave construction that enables it to hold more load without clogging in heavy build up situations.

BLACK

BROWN

PREMIUM STRIPPING PADS

BLACK-STRIP

An aggressive stripping pad. It is designed to be used to wet strip a floor. High quality abrasives and materials make this an efficient tool for complete floor finish removal.

BROWN-STRIP

An aggressive pad designed for dry stripping floor finish. Its fibers, throughout, are coated with high quality abrasives for a fast, efficient job.

REDWOOD® FPP PADS

DEEP SCRUB/DRY STRIP/FLOOR PREP PAD

ETC's Redwood®FPP floor pad is designed to deep scrub with water or a diluted solution to act as a "chemical free" scrubbing or stripping pad. It also can be used as a dry strip pad. It will deburr, smooth and clean wood floor surfaces between coats to give you adhesion and a level surface that's needed for recoating. Redwood®FPP is a 3/8" pad and should be used with a 1" ETC Red pad to drive it when used on a rotary machine. For orbital action with rectangular machines Redwood®FPP will out perform others in the market.

LAMINATED PAD/CARPET, MICROFIBER BONNETS

2001 LAMINATED ULTRA HIGH SPEED

2001 GORILLA®-POLISH/SPRAY BUFF

This is an ultra-high-speed (2000rpm and up) burnishing & spray buffing floor pad of special design. So special that it's patented. It is constructed of two one-half inch floor pads bonded to a stabilizing inner strata.

The inner strata stops the elongation and resulting destruction of the pad due to centrifugal force. 2001 GORILLA® will of course give you the "wet look" shine, ease of cleaning and all of the other excellent the original GORILLA®.

Our 2001 GORILLA® pad will outlast normal pads on ultra high speed floor machines more than 3 to 1.

EDGE VIEW

Patented Technology

CARPET BONNET

Tiger is a great carpet bonnet featuring looped-end synthetic yarn with non-abrasive pile lifting/cleaning stripes.

The yarn is long staple synthetic for long wear and minimal linting.

Tiger is double sided, washable and available in rectangular sizes.

MICROFIBER CLEANING PAD

Microclean

Our Microfiber Daily Cleaning Pad is made with blue scrub stripes to give you a deep cleaning action and can be used wet or dry. This Microfiber pad is single sided with it's own driver pad sewn to the back and edge binding tape to keep the edges from fraying.

It's highly durable and washable.

NEW!
PRODUCT

MICROCLEAN PAD

MICROFIBER POLISHING PAD

Micropolish

Our Microfiber Polishing & Burnishing Pad is made with high quality polyester wool fibers that reach into and polish uneven surfaces with ease. Our microfiber polishing bonnet can be used on stone and tile floors at speeds up to 1500 RPM. This Microfiber pad is single sided with it's own driver pad sewn to the back and edge binding tape to keep the edges from fraying.

It's highly durable and washable.

NEW!
PRODUCT

MICROPOLISH PAD

ROUGH SURFACE BRUSH PADS

5

NON-ABRASIVE BRUSH PAD

Ruff® is light weight, flexible, easily switched for regular floor pads and is much less expensive than a brush driver block. Aggressive but not abrasive. Serged to secure the edges. A pad that goes where only brushes used to go on rough surfaces that would tear up a floor pad. The porous materials allow liquids to pass through to the surface. For use with autoscrubbers, slow speed machines and orbitals in both round and rectangular shapes.

Also in hand pads:

#29etc REPLACEMENT PADS

For use with #64etc Scrub Aid

#299etc BIGGY REFILLS

For use with Biggy Scrubber holder.

WATERPROOF STRIPPING SHOES WITH REPLACEABLE SOLES

Waterproof overshoes designed to reduce the risk of slipping when stripping floors (use as kick pads to strip tough spots), cleaning meat rooms, freezer lockers, athletic showers or anytime floors are wet and slippery.

Gator Shoes firmly hold a pair of replaceable Gatorbacks (black strip pads) which are the gripper soles.

Gator Shoes are packaged as:

1 pair of shoes with 2 pair of Gatorbacks soles.

Gatorbacks are packaged as:

3 pair of soles per box.

Sizes:

Medium- 6-1/2 to 7 Large- 7-1/2 to 9

XLarge- 9-1/2 to 11 XXLarge- 11-1/2 to 13

PROFESSIONAL SCREEN DISCS

PROFESSIONAL QUALITY LONGER LASTING SCREEN DISCS

PACKED 10 PER CASE

PROFESSIONAL QUALITY SCREEN DISCS are longer lasting screens used primarily for resurfacing hardwood floors of all types. The discs sand down old finish so that new finish can be applied. This is known as the "scour method" of refinishing a floor and is most often used on gym floors. These Professional screen discs come in grits ranging from extremely coarse to super fine and are available as circular & rectangular shapes.

GRIT SIZES

- 60 grit - Extremely Coarse
- 80 grit - Coarse
- 100 grit - Medium
- 120 grit - Fine
- 150 grit - Medium Fine
- 180 grit - Very Fine
- 220 grit - Extremely Fine
- 400 grit - Super Fine

PRO-BLEND

All our discs are manufactured with waterproof resins & silicon carbide abrasive, assuring you of the finest quality Professional discs you can buy.

**LONGER LASTING
PROFESSIONAL SCREEN DISCS**

NON-WOVEN PAD DRIVER FOR SCREEN DISCS

Our Pad Driver is designed to hold and drive a Superscreen Disc under your floor machine for maximum performance. It will also create a cushion to help the screen to flex and dip into uneven floors better.

DRIVER PADS

COMMERCIAL SCREEN DISCS

COMMERCIAL QUALITY BEST VALUE SUPERSCREEN DISCS

PACKED 10 PER CASE

COMMERCIAL QUALITY SUPERSCREEN DISCS are also used primarily on hardwood floors. The discs sand down old finish so that new finish can be applied. This is known as the “scour method” of refinishing a floor and is most often used on gym floors.

Superscreen discs come in grits ranging from extremely coarse to super fine and are manufactured with waterproof resins & silicon carbide abrasive, assuring you of the finest quality discs you can buy.

These Commercial screen discs come in grits ranging from extremely coarse to super fine and are available as circular & rectangular shapes.

GRIT SIZES

- 60 grit - Extremely Coarse
- 80 grit - Coarse
- 100 grit - Medium
- 120 grit - Fine
- 150 grit - Medium Fine
- 180 grit - Very Fine

DEEP SCRUB/DRY STRIP/FLOOR PREP PAD

ETC's Redwood®FPP floor pad is designed to deep scrub with water or a diluted solution to act as a “chemical free” scrubbing or stripping pad. It also can be used as a dry strip pad. It will deburr, smooth and clean wood floor surfaces between coats to give you adhesion and a level surface that's needed for recoating. Redwood®FPP is a 3/8” pad and should be used with a 1” ETC Red pad to drive it when used on a rotary machine. For orbital action with rectangular machines Redwood®FPP will out perform others in the market.

DIAMOND IMPREGNATED CONCRETE PADS

Diamond by Gorilla® is a system of floor pads that cleans and polishes concrete, terrazzo & natural stone floors mechanically without the use of chemicals. ETC's Diamond by Gorilla® system consists of floor pads impregnated with billions of microscopic diamonds that will transform any dull, worn floor into a clean shining floor. The diamonds abrasives come in different sizes that create different levels of aggressiveness, each one ideal for levels of cleaning and polishing. This system can be used on surfaces such as concrete, terrazzo, marble, ceramic and other natural stones as well as VCT when using the 1500 and up polishing pads.

A Combo-Starter Pack of 1 each: 400, 800, 1500 & 3000 is available.

Diamond by Gorilla®

200 Blue

- Most aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration

Diamond by Gorilla®

400 Red

- Very aggressive
- For damaged floors or use after grinding
- HD removal of scratches & discoloration
- Leaves satin or matt finish

Diamond by Gorilla®

800 White

- Intermediate step or 1st step in floors not maintained
- Cleans surface
- Removes small scratches
- Leaves a slightly reflective finish

Diamond by Gorilla®

1500 Yellow

- For maintained floors
- Cleans & prepares floor for high polish
- Removes fine scratches
- Conditions stone & concrete floors for final polishing
- Can be regular maintenance pad

Diamond by Gorilla®

3000 Green

- Normal daily maintenance pad
- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

Diamond by Gorilla®

8000 Orange

- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

Diamond by Gorilla®

11,000 Purple

- Produces & maintains a "wet look" shine
- Can be used on: Concrete, Stone, Terrazzo, Tile & VCT

CONCRETE BONDING PAD

- 90°+ Heat Bonds Silicate Coatings
- Very High Gloss-meter Readings Due to the Heat
- Blend of Natural & Synthetic Fibers
- No Color Transfer From Added Dyes
- Uses Unique Heat Shield • Two Sided - Twice the Life
- Burnish All Types of Concrete Densifiers, Hardeners & Sealers

CONCRETE AUTOSCRUB PAD

A multiple speed floor pad specially designed for concrete.

It's constructed as a 1" premium concrete floor pad with abrasives and aggressive bond containing no dyes to transfer to your floor. Armadillo pads will give you the "polished look" of a burnishing pad while cleaning and removing surface dirt and scratches over time using an autoscrubber.

EXTRA HEAVY DUTY CONCRETE LEVELING PAD

The EHD is the most aggressive in our Diamond By Gorilla® line of pads. This pad is designed to be used to open up the concrete. It is especially useful on floors that have been etched by wine or vinegar spills. Use this pad first and then work your way progressively through the rest of the diamond pads in order to smooth the area out and get the desired level of shine.

PREMIUM HAND PADS & HOLDERS

PREMIUM HAND PADS

NO. 96ETC GREEN 6" x 9" x 1/4"

The general purpose medium-duty hand pad. It has abrasive strength for cleaning floors and kitchen equipment.

NO. 97ETC BLACK 6" x 9" x 1/4"

A heavy-duty pad for tough cleaning jobs that call for extra abrasive action.

NO. 98ETC WHITE 6" x 9" x 1/4"

This pad has no added abrasive and is excellent for use with a little liquid detergent to safely clean delicate surfaces.

EXTRA HEAVY DUTY HAND PAD

NO. 86ETC DARK GREEN 6" x 9" x 3/8" This pad is for heavy-duty cleaning jobs.

The fibers are arranged in a thick open weave to hold residue.

Strong resins, saturated with abrasives, coat every fiber for long lasting power.

SCRUB AID

NO. 64ETC SCRUB AID KIT

1 Scrub Aid Holder, 1 Brown & 1 White pad

Scrub Aid is a pad holder designed to save you from having to stoop over to clean baseboards or floors, and you won't have to climb a ladder to reach walls, windows or ceilings. The heavy-duty swivel is threaded to fit any standard threaded handle.

NO. 64H Holders only.

REPLACEMENT PADS

NO. 0ETC BLACK 4-1/2" x 10" x 1"

Extra heavy-duty stripping.

NO. 2ETC BLUE 4-1/2" x 10" x 1"

For medium-duty cleaning.

NO. 1ETC BROWN 4-1/2" x 10" x 1"

Heavy-duty cleaning.

NO. 3ETC WHITE 4-1/2" x 10" x 1"

For delicate surfaces.

NO. 4ETC RAZOR PAD 4-1/2" x 10" x 3/8" The heavy build-up stripping pad.

NO. 5ETC DIAMOND PAD 4-1/2" x 10" x 3/8" The extreme abrasive stripping pad.

NO. 25ETC MELAKLEEN PAD 4" x 10" x 1" Eraser sponge pad for eco-friendly cleaning.

BIGGY SCRUBBERS

NO. 677ETC BIGGY SCRUBBER KIT

1 Biggy Scrubber Holder, 1 Black, 1 Red & 1 White pad

Biggy Scrubber is a pad holder designed to help you with many kinds of cleaning jobs.

Use this handle and the appropriate pad to keep your hands out of the mess of cleaning all types of surfaces with all types of cleaners. The Biggy Scrubber Holder provides extra leverage for cleaning ceramic tiles, counter tops, etc.

NO. 676H Holders only.

BIGGY REFILLS

NO. 072ETC BLACK 3-1/2" x 5-1/2" x 1" For heavy-duty jobs.

NO. 051ETC RED 3-1/2" x 5-1/2" x 1" For medium-duty jobs.

NO. 030ETC WHITE 3-1/2" x 5-1/2" x 1" For light-duty jobs.

PREMIUM HAND PADS & SPONGES

PREMIUM CLEANING PRODUCTS LAMINATED CELLULOSE SPONGES

NO. 74ETC SCOUR SPONGE 3-3/8" x 6 x 3/4"
A medium-duty scouring pad laminated to an absorbent cellulose sponge. Each sponge is dampened and sealed individually in clear plastic.
NO. 63ETC CLEANING SPONGE 3-3/8" x 6 x 3/4"
A light-duty cleansing pad laminated to an absorbent cellulose sponge. Each sponge is dampened and sealed individually in clear plastic.

POT & PAN CLEANING PAD

NO. 88ETC POT & PAN PAD 3-1/2" x 6" x 7/8"
This is a thick blue hand size pad with scouring action for pots, pans and kitchen utensils. This is a tough pad that will never rust or splinter.

GRIDDLE CLEANING PAD

NO. 46ETC GRIDDLE PAD 4" x 6" x 3/8"
The pad is made with a non-woven synthetic fiber coated with abrasives designed to be used for griddle cleaning and polishing.

SURFACE PREP HAND PAD

NO. 47ETC THE REDWOOD® 6" x 9" x 1/4"
This pad has a fine abrasive action for abrading and deburring surfaces prior to applying coatings.

CELLULOSE BLOCK SPONGES

NO. 661ETC CELLULOSE BLOCK SPONGE 6-3/8" x 7/8" x 3/4"
NO. 662ETC CELLULOSE BLOCK SPONGE 6" X 4" x 1-1/2"
NO. 663ETC CELLULOSE BLOCK SPONGE 7-1/4" x 4-1/4" x 1-3/4"
An absorbent cellulose sponge in three popular sizes. Use it to pick up spills and clean surfaces using your favorite cleaning chemical. Moist packaged individually in cellophane.

MELAMINE SCRUBBER HAND PAD

NO. 71490 MELAKLEEN SCRUBBY HAND PAD 4-3/4" x 2-1/2" x 3/4"
An eraser sponge to clean stains and scuff marks on many surfaces with only water. No chemicals needed. An eco-friendly cleaning solution to most problem spots and marks. One side is sponge and the other a non-scratch synthetic fiber scrubbing pad.

ANTI-MICROBIAL WET MOPS

BLENDED YARN

- Anti-microbial
- No Break-in Period
- Quickly Absorbs Liquids
- It's Launderable with Minimal Shrinkage
- Less Expensive Than Pre-laundered
- 4 Colors Allow for Specific Usage

TORPEDO

PREMIUM WET MOPS

BARRACUDA RAYON YARN

Made from tightly twisted long staple rayon. The tight twist helps control linting and combined with rayons' quick pick up and release make it an excellent choice for laying finish. Both fantail loop and cut end.

BARRACUDA

SEA HORSE

SEA HORSE COTTON YARN

A good quality cotton yarn that delivers good performance at a good price. Designed for those many applications where performance and price are both a concern. Both fantail loop and cut end.

HAMMERHEAD

SCREW-TYPE

Our tough metal construction clamps the mop strands together so there is no yarn slippage. The threaded metal screw that protrudes from the head allows for "hands-off" mounting and removal of the mop. Simply twist the handle on or off without ever touching the soiled mop. Cut end only

HEATHER MOPS

BLENDED COTTON YARN

Our Heather Mop is available in blue and orange and green yarn. These mops are an economical choice for situations where you need a colored yarn to distinguish between the use of different chemicals. As this is a cut end mop this is not a launderable mop, like our Torpedo.

HEATHER

PREMIUM FINISH & WET MOPS

Lint Free

GREAT WHITE

LINT-FREE FINISH MOP

No lint in the finish with low drag from the mop and fewer trips to the bucket giving you even coats of finish when recoating a floor. This even release of finish gives you over 150% more square feet per trip to the bucket, a much smoother, more glossy finish with higher initial gloss and no Lint from the mop!

TIGER SHARK

FINISH MOP

TIGER SHARK has been designed specifically for applying floor finish. Its looped end, tailbanded construction ensures complete coverage with no gaps or missed spots. The yarn is blended to give an even release of the finish quickly, but helping to control "puddling" and "fish-eyes". A blue mesh 1 1/4" headband is standard.

FLOUNDER

FLAT FINISH MOP

FLOUNDER is a synthetic yarn, finish mop with a nylon mesh backing to facilitate pouring finish through the mop as you lay finish. It uses metal snap closures to attach to the frame. These mops use standard dust mop hardware.

ROUGH SURFACE

NEW! PRODUCT

ROUGH SURFACE LOOP END MOP

Specially designed general maintenance mop constructed of durable synthetic bands. Any irregular or rough surface requires a special mop and this is the perfect match for that job. Stone, concrete, tile or other rough surface mopping jobs need this mop. It will not unravel like traditional yarn mops. Constructed with a 5" mesh headband and sewn with a fantail loop to keep the mop from tangling. This also enables the mop to reach a wide area with each sweeping motion.

TUBE MICROFIBER

NEW! PRODUCT

TUBE STYLE MICROFIBER MOP

Excellent liquid and dirt pickup & will not unravel while lasting twice as long. Floors dry faster without a streak & it does not lint. It's highly launderable! Constructed with a 5" mesh headband and sewn with a fantail loop to keep the mop from tangling. This also enables the mop to reach a wide area with each sweeping motion.

LAUNDERABLE DUST MOPS

SUPERDUST LOOPED DUST MOP

LOOPED END WHITE & COLOR YARNS

These launderable dust mops are constructed with a durable blended yarn that is sewn onto a sturdy polyester canvas backing that guarantees a long life, low absorption and no shrinkage. The high quality yarn made from first quality synthetic & natural fibers, offer magnetic properties that attract & hold dust particles without the use of dust mop treatment.

This very special blended yarn allows our Superdust mop to withstand heavy use and repeated laundering.

Available in Blue, Green, Red and White to aid in keeping your mops designated to specific areas or separated by daily rotation.

ECONOMICAL DUST MOPS

A great value in an economical dust mop constructed of 80% cotton and 20% synthetics. Completely launderable and reusable.

The STARDUST comes untreated in three colors (red, white, and blue). The colors available in this dust mopping system make it possible to keep your mops separate when rotating or in quarantined areas.

DISPOSABLE DUST MOP

KNOCKOUT

The KNOCKOUT disposable dust mop comes pretreated and poly bagged. It is constructed of cotton yarn sewn to a tympar backing, and uses cotton tape ties to make a simple but efficient system for dust mopping.

DUST MOP FRAME AND HANDLES

DUST MOP HANDLE FIBERGLASS 15/16" X 60"-12/PK
Spring clamp on a swivel head with nylon lock for the swivel.

DUST MOP HANDLE WOOD 15/16" X 60"-12/PK
Spring clamp on a swivel head with nylon lock for the swivel.

DUST MOP HANDLE STEEL (BLACK) 15/16" X 60"-12/PK
Spring clamp on a swivel head with nylon lock for the swivel.

DUST MOP WIRE FRAME

Sizes: 18-24-36-48" x 5" ZINC PLATED.
