Greetings from the Mule Head Brand Company

When we put our first products on the streets back in 1988, our idea was to provide solutions to our customer's problems in industry, marine operations and transportation. Though our product mix has changed and grown, our original idea hasn't. We provide great solutions to your cleaning and maintenance problems.

We invite you to join us as we continue toward our goal of becoming the brand of choice for industry, marine operations, and transportation across America. Enjoy our catalog offerings as we harness the power of Mule Head Brand together.

Hand Cleaners

★ **Original Red Hand Cleaner** Industrial strength formula that cleans quickly and rinses easily with no drying or chapping. Great for grease, oil, tar, asphalt, inks, adhesives, and more. Use with our SMD dispenser. RHC-G Gal.

QT

Aerosol Products

OL' Rusty Penetrating Lubricant

OL' Rusty Non-chlorinated Penetrating Lubricant is a premium aerosol pen-lube with great staying power. OL' Rusty is fortified with PTFE micro-particles and special oils. It penetrates, disperses moisture, degreases, and reduces friction to loosen frozen moving or fastened parts. It provides long-lasting lubrication, and protection from corrosion in temperature extremes. OLR-15; 12x15 oz.

A 15

Dynamo Electric Shine

Foaming Glass Cleaner is fortified with powerful solvents, wetting agents, deodorizing additives, and ammonia for tough glass and surface cleaning even at low temperatures. Rapidly removes dirt, grease, fingerprints, film, tobacco smoke, lipstick, bugs and much more, outperforming ordinary glass cleaners. Use on glass, windshields, mirrors, metal, enamel, tile, stainless steel, vinyl, chrome, and all other surfaces not harmed by water.

DES-20; 12x1 20 Oz.

A 20

Fragranator Smell Good Air Freshener

Eliminates tobacco smoke odors and the other obnoxious and offensive odors that other products attempt to cover up. Our special formula combines the best available oils to create a unique product which not only eliminates the smells you hate — it has the staying power to continue working long after your application. Fragranator contains no petroleum distillates, phthalates, no formaldehyde and no CFCs so you can feel good about using it anywhere else malodors are a problem. FAF-20; 12x1 20 Oz.

A 20

Brake N Loose non-chlorinated brake parts cleaner

is one of our best selling products now in convenient aerosol cans. Brake N Loose aerosol is exactly the same product as in our buckets and barrels. Brake N Loose quickly dissolves grease, oil, brake dust, and brake fluid deposits. Brake N Loose dries quickly and stops bothersome brake squeaks. The product is also widely used to quickly remove grease and oil deposits from machinery, tools, engine parts and other locations where grease deposits are a problem. BNL-13; 12x13 Oz.

A 13

Premium One and Done Single-Kote Paint is hands down, the best spray paint money can buy. Industrial strength One and Done spray paint, with 30% more solids than ordinary spray paints, does not run or sag and gives more than twice the coverage per can. It resists rust, gasoline, abrasion and heat up to 300 degrees. One and Done is perfect for vehicle touch-up, frames, engine blocks, parts, and other applications where high-density professional coatings are required. For your shop and as an over-the-counter item for sale to your customers. Nine 16 oz. colors in enamel/primer and three 13 oz metallic colors. Metallic paints are temperature resistant to 250 degrees
