Offices

DIVISION OF **To Go**[®]

GLOBAL FURNITURE GROUP

Choose from MESH, FABRIC or LEATHER (Luxhide) upholstery and MULTI-FUNCTION, TILTER, TASK, MANAGEMENT, and GUEST/STACK styles to complete your office environment.

All Offices To Go® seating is manufactured exclusively in certified factories and has been tested to ensure compliance with all applicable industry standards. You can sit comfortably knowing you have selected a quality product from Offices To Go®!

All Offices To Go® seating models come with easy-to-follow assembly instructions and detailed photographs making product assembly quick and simple.

THE SEATING COLOR PROGRAM

Most Offices To Go® fabric chairs are stocked in either QL10 Black patterned upholstery, black mesh or black mesh fabric. All fabric chairs marked with a  icon are also available in other textile options (visit each chair's page for more details – an upcharge may apply).

Offices To Go® Luxhide chairs have soft Luxhide seating surfaces made from bonded leather with matching simulated leather trim. All Luxhide chairs marked with a  icon are also available in other textile options (visit each chair's page for more details – an upcharge may apply).

Mesh back chairs are featured and available exclusively in black mesh except OTG10900B and OTG10902B which feature grey mesh backs.

*Luxhide is bonded leather consisting of 15% leather fibers.

CERTIFICATION + SYMBOLS

GREENGUARD INDOOR AIR QUALITY CERTIFICATION – All Offices To Go® seating and laminate products (unless noted otherwise) are in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. Visit www.greenguard.org for more information.

All Offices To Go® seating products (unless noted otherwise) are suitable for UPS shipment.

When you see this symbol, please call CustomerCare or contact your local Territory Manager to confirm new product availability prior to ordering.

► MESH SEATING

OTG11668B **Mesh Executive Chair**

Black mesh back with mesh fabric seat • Pneumatic seat height adjustment with adjustable lumbar support • Height and width adjustable arms with slide and pivot feature • Synchro knee-tilt chair control with multi-position tilt lock and seat slider with tilt tension adjustment • Soft casters (OTG10700) are available (see page 55 for more information) • Greenguard certified • UPSable

Dimensions: 27W x 24.5D x 43H
Ergonomic Features: A, B, C, E, H, L, M, N, Q, R

List price **\$895**

Offices To Go model OTG11668B provides a high degree of comfort and adjustability. The seat is manufactured with resilient high density foam padding that allows the user to remain comfortable throughout the work day. The mesh back allows air to freely move through it enhancing the comfort. There is an adjustable lumbar support that moves in and out as well as up and down. The chair adjusts for different size users through the pneumatic seat height adjustment and the seat slider which allows the seat to be moved forward or rearward to achieve the perfect amount of support for shorter or taller people.

The chair arms are fully adjustable. A button on the side of each arm allows the arms to move up and down. The arm caps rotate inward and can slide forward as well, helping to provide great support when keyboarding. The arms are even width adjustable, meaning that with the OTG11668B a user can position the arms and armrests exactly where they will provide the greatest comfort and support. All of these features allow the chair to be truly customized to the size and preferences of the user.

All OTG models, including this one, are tested in advance of coming to market, and also tested during and after production to make sure that they meet applicable industry standards, such as ANSI-BIFMA. We want to make sure the purchaser is happy with OTG seating now and in the future. As a result, OTG chairs are great investments both now and over their lifetime.

MESH SEATING

OTG11669

Mesh Executive Headrest

Chair headrest for model OTG11668B • Headrest is adjustable for both angle and height

Dimensions: 12.5W x 6.5D x 11H

List price **\$80**

A The Built-in Lumbar support can be adjusted up and down. Its sliding action allows the user to position the lumbar support at the most comfortable and supportive position. Simply grip the adjustment tabs and move the support to the optimal location.

B The Built-in Lumbar support is also adjustable in and out. This feature allows the user to "dial in" the exact amount of support desired. The amount of support is easy to adjust and change. Simply grip the control arms and slide them to your desired position.

Width Adjustable Arms can be slid in or out by 1.5" allowing the armrests to be positioned exactly where the user wants them. Simply move the lever forward to release movement of the sliding arm.

Depth Adjustable Arms slide forward and rearward allowing the arm caps to be optimally located. They are constructed from a soft polyurethane material which provides comfort AND durability.

Height Adjustable Arms allow the user to position the arm caps exactly where they need to be. The arm height is easily changed through the use of a button under the outside edge of the arm cap.

Pivot Adjustable Arms swivel to the left and right to face toward a keyboard or mouse. Rotating the arm caps so they aim where needed may help to reduce Repetitive Strain Injuries (RSI's).

Perforated plastic back with Black mesh fabric seat • Oval tube chrome frame with molded armrests • Can be stacked up to 5 high • Packed 2 chairs per carton (priced each) • Greenguard certified • Not UPSable

Dimensions: 24.5W x 22.5D x 34H

List price **\$260**

Shown with dolly (OTG11701)

OTG11700
Armless Stack Chair

Impact resistant Black plastic seat and back • Chrome steel frame • Can be stacked 12 high on floor or dolly (OTG11701) • Packed 2 per carton (priced each) • Greenguard certified • Not UPSable

Dimensions: 22W x 22.5D x 31H

List price **\$165**

OTG11701 Dolly (non-stocked item)

List price **\$180**

A TENSION ADJUSTMENT

Increase or decrease to match body weight. Allows you to rock comfortably, without heavy pushing, reducing muscle fatigue.

B CHAIR TILT LOCK

Lock the tilt movement in position(s) to accommodate your working posture. Allows you to lock your chair in a comfortable and supportive position. (can be either single position or infinite style).

C SEAT HEIGHT

Raise or lower to allow your feet to rest flat on the floor. Avoids pressure under your thighs, easing blood flow.

D BACK HEIGHT

Raise or lower to position lumbar support in your lumbar area. Reduces likelihood of back pain.

E SEAT DEPTH

Change the depth of the seat to accommodate the length of your thighs. Keeps your back in contact with the backrest while avoiding pressure behind your knees.

G BACK ANGLE

Adjust to change the angle of your torso in relation to your thighs. Helps reduce disc pressure and relaxes your back muscles.

H ARM HEIGHT

Raise or lower to support your forearms. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

L SYNCHRO-TILT MOVEMENT

Backrest reclines at a faster rate than the seat, increasing the angle between your torso and thighs. Enhances comfort and encourages dynamic body movement.

M WATERFALL SEAT EDGE

Reduces pressure at the back of the knee, contributing to good blood flow.

N PROPERLY CONTOURED CUSHIONS

Support the body effectively, allowing you to sit longer without discomfort.

Q WIDTH ADJUSTABLE ARMS

Allows outward movement of armrests to match shoulder breadth. Ensures armrests properly support forearms, reducing muscular effort in neck and shoulders.

R ARM ROTATION

Rotate armcap to support your forearm in various positions. Reduces muscular effort in neck and shoulders, minimizing risk of pain.

S CENTER-TILT MOVEMENT

Chair tilts from a pivot point under the center of the seat allowing you to rock. When your feet are well supported, blood flow is enhanced.

V LUMBAR DEPTH ADJUSTMENT

Increase or decrease curvature of the back to match the profile of your lower back. Enhances comfort and support in the lower lumbar area.

Maximize Your Ergonomic Seating

Every Offices To Go chair is built with features that are ergonomically designed to promote proper posture and provide maximum comfort. While fully supporting your body, these features also allow you to adjust your chair to fit YOU.

Always select a chair that is designed for the type of work you perform and make certain the chair is comfortable for the length of time spent using it. Ensure that the seat and back cushions are contoured to fit your body, which will help eliminate pressure points. An ergonomically designed chair should allow changing positions easily. As you work, reposition yourself throughout the day to reduce strain and stress on specific muscle groups. If you change job functions, adjust your chair to fit the new task.

Proper ergonomic seating should help eliminate many of the work related injuries that result from poor posture and poorly designed seating.

▶ SUPERIOR LAMINATE DESKING

- Four contemporary finishes include American Cherry (ACL), American Mahogany (AML), American Dark Cherry (ADC) + American Espresso (AEL) all accented with 3mm matching impact resistant edges.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files and file/file pedestals come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza + return shells.
- Metal pins + cam fasteners are designed for easy assembly. Metal brackets are also included for additional strength and rigidity.
- American Espresso (AEL) is standard with silver handles. Black handles optional (an upcharge applies).
- American Cherry (ACL), American Mahogany (AML), American Dark Cherry (ADC) are standard with black handles. Silver handles optional (an upcharge applies).

American Cherry (ACL)

American Mahogany (AML)

American Dark Cherry (ADC)

American Espresso (AEL)

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Top quality full extension ball bearing slides on all box and file drawers.

Black handles standard on ACL, AML + ADC. Silver handles optional (an upcharge applies).

Silver handles standard on AEL. Black handles optional (an upcharge applies).

GREENGUARD INDOOR AIR QUALITY CERTIFICATION

All Offices To Go® Superior Laminate Desking is in compliance with stringent emission guidelines set out by the Greenguard Environmental Institute under the standards for low emitting products and materials. www.greenguard.org

▶ MARGATE WOOD VENEER DESKING

- Hand selected veneers accented with solid wood radius edges finished in a rich satin gloss Cordovan finish that features a nine step finishing process with a Polyester top coat finish.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files come equipped with a mechanical safety interlock.
- Pedestals + lateral files are designed to connect to the appropriate desk, credenza and return shells.
- Drawer interiors are constructed of multi-ply wood veneer.
- Metal pins and cam fasteners are designed for rigidity. Metal brackets are also included for additional strength + rigidity.

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Solid wood radius edges finished in a rich satin gloss Cordovan (CCH) finish.

Top quality full extension ball bearing slides on all box and file drawers.

Natural wood grain runs vertically and matches seamlessly from top to bottom on all drawer fronts

*File drawer construction is for accommodating hanging files NOT for stacking materials on the drawer bottom. Dimensions are nominal.

▶ VENTNOR WOOD VENEER DESKING

- Hand selected veneers accented with solid wood fluted edges finished in a rich satin gloss Toffee or Cordovan finish that features a nine step finishing process with a Polyester top coat finish.
- Box and file drawers feature full extension ball bearing drawer slides.
- Lateral files come equipped with a mechanical safety interlock.
- Pedestals, lateral files + multi-storage files are designed to connect to the appropriate desk, credenza and return shells.
- Drawer interiors are constructed of multi-ply wood veneer.
- Metal pins and cam fasteners are designed for rigidity. Metal brackets are also included for additional strength + rigidity.

Satin Nickel handles are standard on all Ventnor filing and storage components.

Solid wood fluted edges finished in either a rich satin gloss Toffee (TCH) or Cordovan (CCH) finish.

Grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches.

Top quality full extension ball bearing slides on all box and file drawers.

Natural wood grain runs vertically and matches seamlessly from top to bottom on all drawer fronts

CARE + CLEANING

Fabrics:

To extend the life of your seating upholstered in fabric, regularly dust the chair to prevent airborne particles from penetrating the fabric surface. For light soiling, use a damp cloth and blot the spot with very slight pressure, taking care never to soak the fabric. Dry with a clean cloth by blotting - never rub fabric. More intense stains can be treated the same way, but with a mild detergent.

Luxhide:

For regular cleaning, simply use a soft, damp cloth, taking care not to soak the Luxhide. For more thorough treatment, soak a soft cloth in mild soap solution and wipe surface in a light circular motion. Repeat with clean water. Allow to dry and polish with a soft dry cloth. Do not use detergents, aerosol sprays or other polishes.

Always test fabric first in an unseen area before using any cleaning method. Seating textiles shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

For actual finish samples, please contact your local sales representative.

Wood Veneer Finishes:

Following the direction of the grain, wipe with a soft damp cloth, then a soft dry cloth. For heavier soils, try a mild soap solution (do not use spray polishes, solvents or products containing ammonia), then repeat the above steps.

Laminate Finishes:

Using a soft cloth, simply wipe the surface with a mild soap solution or glass cleaner, then use a soft, dry cloth and circular motion to prevent streaks.

Always test finish in an unseen area before using any cleaning method. Finishes shown are for reference only. While color consistency and quality are controlled to the highest standards, color may vary from samples shown.

For actual finish samples, please contact your local sales representative.

 WARRANTY Inside Back Cover

WARRANTY

Offices To Go® warrants its products to be free from defects in material and workmanship subject to the limitations below. This warranty is made by Offices To Go® only to original end user customers acquiring the product directly from authorized Offices To Go® dealers. The customer's sole remedy under this warranty is limited to repair or replacement at Offices To Go's option. Consent from Offices To Go® must be obtained before any warranty work is performed. This warranty shall not apply to any products which must be replaced due to normal wear and tear, negligence, abuse or "accident," shipping damage or product use other than in accordance with written instructions or warnings. It will also not apply when product has been modified or altered, repaired or refurbished by someone other than Offices To Go®. This warranty does not cover the cost of transportation or labor. Offices To Go® can make no warranty that any of its products are suitable for any particular purpose and can make no other warranties, expressed or implied. In no event shall Offices To Go® be liable in either tort or contract for any loss or direct, special, incidental, consequential or exemplary damages.

This warranty is not valid if the products are used for rental purposes.

Under this warranty, claims must be made within the following periods from the original date of purchase: (a) non-moving parts are warranted for five years; (b) drawers, slides, leveling glides, locks and other moving parts are warranted for two years; (c) gas cylinders, mechanisms and other moving parts are warranted for two years; and (d) upholstery materials and foam are warranted for two years.

Desking warranty is based on an eight hour, single shift work day. Seating Warranty is based on an eight hour, single shift work day for users weighing up to 250 pounds. NOTE: Select light duty stacking chairs; OTG11696, and OTG11697, are warranted for users weighing up to 200 pounds.
